

A decorative border of basketballs surrounds the text. The border consists of 16 basketballs in each of the four corners, with a row of 16 basketballs along each of the top and bottom edges.

Meet the Team

Genre Starting Line-up

Students will create their own brackets exploring different genres.

Students will find 16 books of the same genre, assigned by the teacher to explore. They can use their classroom libraries and school libraries to help find books.

Students will share their bracket with the class and give a description of their genre. They will also share their “final four favorites” of the genre with the class.

Our Final Four Favorite are:

_____, _____,
_____, _____ and _____

We like these books because _____

A decorative border of basketballs surrounds the text. The top and bottom rows consist of 16 basketballs each. The left and right sides consist of 10 basketballs each, with the top and bottom ones aligned with the top and bottom rows respectively.

Meet the Team

Genre Starting Line-up

Students will create their own brackets exploring different genres.

Students will find 16 books. Each bracket section will be a different genre and they will find 4 books for each genre, assigned by the teacher to explore. They can use their classroom libraries and school libraries to help find books.

Students will share their bracket with the class and give a description of their 4 different genres. They will also share their “final four favorites” one book from each genre with the class.
